Showcase Quilting

I always wanted to make a Christmas quilt and when I got this issue of American Patchwork & Quilting I just loved the stars in the pattern because of their asymmetrical shapes. It's funny, the cover photography almost appears to be patriotic but I never thought of it as anything but a Christmas pattern! I liked making it so much that I have all the pieces cut out to make another one...also a Christmas quilt, but not flannel.

Pattern: **Shimmer**
Better Homes and Gardens/American Patchwork & Quilting
