

From the collection of Shelley K

I could immediately envision these specific MODA fabrics snuggled together in this “center of attention” pattern – 121 piece diamond. Modestly I confess this was my first attempt at needle-turn appliqué. I liked it so well; there will definitely be more appliqué projects in my future.

Porch Swing fabrics by MODA/United Notions are exactly what my family room needed. Combined they have created a cozy throw by our fireplace – warm and inviting!

- Pattern:** Patchwork Diamonds
by The City Stitcher Quilt Collection – designer Janet Miller
