

# Showcase Quilting

*From the collection of: **Cindy J***

To quote Cindy: “One woman’s scraps became my daughter’s graduation gift. One square was finished and many of the appliqué pieces were cut. After passing through several hands my Great Aunt passed these pieces to me. I had to match the green to finish the squares. I purchased sashing, backing and binding to complete the quilt. I showed the finished quilt to my Great Aunt. She was pleased but laughed at my binding error.

When life gives you scraps, make a quilt . . . I did.”

**Machine pieced, hand appliquéd and hand quilted by Cindy.**
